

Supplements to the Monthly Weather Review

- No. 1. Types of storms of the United States and their average movements. By E. H. Bowie and R. H. Weightman. 1914. 37 p. 114 ch. (Out of print)
- No. 2. I. Calendar of the leafing, flowering, and seeding of the common trees of the Eastern United States. By George N. Lamb. 19 p. 4 figs.
II. Phenological Dates and Meteorological Data Recorded by Thomas Mikesell at Wauseon, Ohio. Compiled and edited by J. Warren Smith. 73 p. 2 figs. 1915. (Out of print)
- No. 3. (Aerology No. 1.) I. Sounding balloon ascensions at Fort Omaha, Nebr., May 8, 1915. II. Meteorological Observations on Board the U.S.C.G. Cutter "Seneca," April--July, 1915. III. Drexel Aerological Station. IV. Free-air data at Drexel Aerological station, October, November, and December, 1915. (Out of print) Prepared by Aerological Division, U. S. Weather Bureau. 1916. 67 p. 23 figs. (Out of print)
- No. 4. Types of anticyclones of the United States and their average movements. By Edward H. Bowie and R. Hanson Weightman. 1917. 25 p. 7 figs. ~~73~~ 73 ch.
- No. 5. (Aerology No. 2) Free-air Data at Drexel aerological station: January, February, and March, 1916. Prepared by Aerological Division, U. S. Weather Bureau. 1917. 59 p. 6 figs.
- No. 6. Relative humidities and vapor pressures over the United States, including discussion of data from recording hair hygrometers. By Preston C. Day. 1917. 61 p. 7 figs. 34 charts. (Out of print)
- No. 7. (Aerology No. 3.) Free-air data at Drexel aerological Station April, May, and June, 1916. Prepared by Aerological Division, U. S. Weather Bureau. 1917. 51 p. 4 figs.
- No. 8. (Aerology No. 4.) Free-air data at Drexel aerological Station: July, August, September, October, November, and December, 1916. Prepared by Aerological Division, U. S. Weather B

No. 8. (Aerology No. 4.) Free-air data at Drexel aerological station: July, August, September, October, November, and December, 1916. Prepared by Aerological Division, U. S. Weather Bureau. 1918. 111 p. 12 figs.

No. 9. Periodical events and natural law as guides to agricultural research and practice. By A. D. Hopkins. 1918. 42 p. 24 figs.

No. 10. (Aerology No. 5.) Free-air data at Drexel aerological station January, February, March, April, May, and June, 1917. Prepared by the Aerological Division, U. S. Weather Bureau. 1918. 101 p. 11 figs.

No. 11. (Aerology No. 6.) Free-air data at Drexel aerological station July, August, September, October, November, and December, 1917. Prepared by the Aerological Division, U. S. Weather Bureau. 1918. 108 p. 11 figs.

No. 12. (Aerology No. 7.) I. Free-air data at Drexel, Nebr. and Ellendale, N. Dak., Aerological stations. January, February, and March, 1918, inclusive. Prepared by Aerological Division, U. S. Weather Bureau. II. Free-air temperatures during the cold winter of 1917-18. By W. R. Gregg. III. The Ellendale Aerological station. By Vincent E. Jakl. 1918. 82 p. 10 figs.

No. 13. (Aerology No. 8.) I. Free-air data at Drexel and Ellendale aerological stations April, May, and June, 1918. Prepared by Aerological Division, U. S. Weather Bureau. II. Notes on kite flying. By Vincent E. Jakl. 1918. 81 p. 1 fig.

No. 14. (Aerology No. 9.) I. Free-air data at Broken Arrow, Okla., Drexel, Nebr., Ellendale, N. Dak., and Royal Center, Ind., Aerological Division, stations. July, August, and September, 1918, inclusive. Prepared by Aerological Division, U. S. Weather Bureau. II. Broken Arrow Aerological station. By John A. Reihle. III. Royal Center Aerological station. By Homer W. Ball. 1919. 132 p. 22 figs.

No. 15. (Aerology No. 10.) I. Free-air data at Broken Arrow, Okla., Drexel, Nebr., Ellendale, N. Dak., Groesbeck, Tex., Leesburg, Ga., and Royal

Center, Ind., aerological stations, October to December, 1918, inclusive.

Prepared by Aerological Division, U. S. Weather Bureau. II. The Groesbeck Aerological station. By T. J. Chancellor. III. The Leesburg Aerological station. By Frank T. Cole. 1919. 178 p. 22 figs. (Out of print)

No. 16. Predicting Minimum temperatures from hydrometric data. By J. Warren Smith and others. 1920. 76 p. 57 figs.

No. 17. Streamflow experiment at Wagon Wheel Gap, Colo. By C. G. Bates and Alfred J. Henry. 1922. 55 p. 41 figs. (Out of print)

No. 18. Bibliography of the climate of South America. By Margaret M. Welch. 1921. 42 p.

No. 19. Thermal Belts and Fruit Growing in North Carolina. By Henry J. Cox. Appendix: Thermal Belts from the Horticultural Viewpoint. By W. N. Hutt. 1923. 106 p. 78 figs.

No. 20. An Aerological survey of the United States. Part I. Results of observations by means of kites. By W. R. Gregg. 1922. 78 p. 25 figs. (Out of print)

No. 21. The preparation and significance of free-air pressure maps for the Central and Eastern United States. By C. LeRoy Meisinger. 1922. 77 p. 22 ch. 30 figs.

No. 22. The Spring floods of 1922. By H. C. Frankenfield and others. 1923. 29 p. 15 ch. 5 figs. (Out of print)

No. 23. The temperature of Mexico. By Jesus Hernandez. 1923. 22 p. 75 ch. figs. (Out of print)

No. 24. West Indian Hurricanes and other tropical cyclones of the North Atlantic Ocean. By Charles L. Mitchell. 1924. 47 p. 103 figs. (Out of print)

No. 25. Normals of daily temperature for the United States. By C. F. Marvin and P. C. Day. 1925. 87 p. 13 ch.

No. 26. An Aerological survey of the United States. Part II. Results of Observations by means of pilot balloons. By W. R. Gregg. 1926. 60 p. 12 figs. (Out of print)

- No. 27. Montezuma pyrheliometry. By C. G. Abbot. 1926. 15 p.
- No. 28. Climatological data for the tropical islands of the Pacific Ocean (Oceania). By W. W. Reed. 1927. 22 p. 8 figs. (Out of print)
- No. 29. The floods of 1927 in the Mississippi Basin. H. C. Frankenfield. 1927. 49 pp. 21 figs.
- No. 30. Forest and stream-flow experiment at Wagon Wheel Gap, Colo. Final Report, on Completion of the Second Phase of the Experiment. By C. G. Bates and A. J. Henry. 1928. 79 pp. 43 figs.
- No. 31. Climatological data for Northern and Western tropical South America. By W. W. Reed. 1928. 21 pp. 2 figs. (Out of print)
- No. 32. Climatological data for Southern South America. By W. W. Reed. 1929. 23 pp. (Out of print)
- No. 33. Climate of Mexico. By John L. Page. 1930. 30 pp. 41 figs. (Out of print)
- No. 34. The daily, monthly, and annual normals of precipitation in the United States, based on the 50-year period, 1878 to 1927, inclusive. By P. C. Day. 1930. 101 pp. *GPO out of supply*
- No. 35. Upper-air wind roses and resultant winds for the eastern section of the United States. By Loyd A. Stevens. 1933. 68 pp. 65 ch.
- No. 36. Winds in the upper troposphere and lower stratosphere over the United States. By Loyd A. Stevens. 1937. 29 pp. 28 ch.
- No. 37. The Ohio and Mississippi River floods of January-February 1937. By Bennett Swenson. 1938. 55 pp. 31 figs.
- No. 38. Summary of aerological observations obtained by means of kites, airplanes, and sounding balloons in the United States. 1938. 65 pp. 39 figs.
- No. 39. Reports on critical studies of methods of long-range weather forecasting. Prepared by Bureau of Agricultural Economics. 1940. 130 pp. figs.

No. 40. Data from aerological soundings at Fairbanks, Alaska, during the winters 1936-37 and 1937-38. Prepared by Air Mass Analysis Section, Meteorological Research Division, U. S. Weather Bureau. 1940. 35 pp.

No. 41. Meteorological results of the Byrd Antarctic expeditions 1928-30, 1933-35: Tables. By G. Grimminger and W. C. Haines. 1939. 377 pp. 7 figs.

No. 42. Meteorological results of the Byrd Antarctic expeditions 1928-30, 1933-35: Summaries of data. By G. Grimminger. 1941. 106 pp. 122 figs.

No. 43 Unpublished

No. 44. Fifty years' Weather in Kansas City, Mo., 1889-1939. By A. M. Hemrick and H. M. Martin. 1941. 53 pp. 43 figs.

No. 45. Preliminary studies in seasonal weather forecasting. By R. H. Weightman, 1941. 99 pp. 291 ch. (Out of print)

No. 46. Observations of nocturnal radiation at Fairbanks, Alaska, and Fargo, North Dakota. By H. Wexler. 21 pp. 10 figs.

No. 47. The circulation of the atmosphere in high latitudes during winter. By H. R. Byers and V. P. Starr. 35 pp. 32 figs. 1941

No 48. Data from Little America II

AEROLOGY,

balloon ascensions, sounding, Ft. Omaha, Neb., May 8, 1915, Supp. 3, P.I.

Broken Arrow Aerological Station, Reihle on, Supp.14, P.II.

Drexel Aerological station, Supp. 3, P. III.

Drexel Aerological station, Free air data, Oct--Dec.,1915, by Aerological Div., USWB, Supp.3, P. IV.

Drexel Aerological station, Free air data, Jan--March, 1916, by Aerological Div., USWB, Supp. 5.

Drexel Aerological station, Free air data, Apr--June, 1916, by Aerological Div., USWB, Supp. 7.

Drexel Aerological station, Free air data, July--Dec., 1916, by Aerological Div., USWB, Supp. 8.

Drexel Aerological station, Free air data, Jan--June, 1917, by Aerological Div., USWB, Supp. 10.

Drexel Aerological station, Free air data, July--Dec., 1917, by Aerological Div., USWB, Supp. 11.

Ellendale Aerological station, 1918, Jakl on, Supp. 12, P.III

Fairbanks, Alaska, soundings, winter 1936-37 and 1937-38, by Air Mass Analysis Section, Met. Research Div., USWB, 1940, Supp. 40.

Free air temperature, winter 1917-18, Gregg on, Supp. 12,P. III.

Free air data, aerological stations, Drexel, Neb.,and Ellendale, N. Dak., Jan--March, 1918, by Aerological Div., USWB, Supp. 12, P.I.

Free air data, aerological stations, Drexel, Neb.,and Ellendale, N. Dak., Apr--June, 1918, by Aerological Div., USWB, Supp. 13, P.I

Free air data, aerological stations, Broken Arrow, Okla., Drexel, Neb., Ellendale, N. Dak., & Royal Center, Ind., July--Sept., 1918, by Aerological Div., USWB, Supp. 14, P.I.

Free air data, aerological stations, Broken Arrow, Okla., Drexel, Neb., Ellendale, N. Dak., Groesbeck, Tex., Leesburg, Ga., and Royal Center, Ind., Oct--Dec., 1918, by Aerological Div., USWB, Supp. 15, P.I.

Groesbeck Aerological Station, Chancellor on, Supp. 15, P. II.

Leesburg Aerological Station, Cole on, Supp. 15, P.III.

Kite flying, notes on, 1918, Jakle on, Supp. 13, P. II

AEROLOGY (con't)

observations, summary of, observed by kites, airplanes and sounding balloons, United States, Lennahan on, 1938, Supp. 38.

observations, U.S.C.G. cutter "Seneca", Apr--July, 1915, Supp. 3, P.II.

Royal Center Aerological Center, Ball on, Supp. 14, P.III.

United States, survey of, Part I, Gregg on, 50:229-41; Supp. 20, Supp. 26.

United States, survey of, Part II, Gregg on, 50:229-41; Supp. 20, Supp. 26.

ANTICYCLONES,

United States, movements of, average, Bowie and Weightman on, Supp. 4.

United States, movements of, bibliography on, Buynitzky's, Supp. 4:13.

United States, types of, Bowie and Weightman on, Supp. 4.

ATMOSPHERE,

circulation of, high latitudes of winter, Byers and Starr on, Supp. 47.

CLIMATE,

Mexico, Page on, Supp. 33.

Pacific Ocean, tropical islands, climatological data of, Reed on, 1927, Supp. 28.

South America, northern and western, Reed on, Supp. 31.

South America, southern, Reed on, Supp. 32.

South America, bibliography of, Supp. 18.

FLOODS,

Spring, 1922, Frankenfield on (11) supp. 22.

1927, Mississippi Basin, Frankenfield and others on (11), Supp. 29.

1937, Ohio and Mississippi Rivers, Swenson on, Supp. 37.

FORECASTING,

weather, seasonal, Weightman on, 1941, Supp. 45.

HUMIDITY,

relative, United States, Day on, 1917, Supp. 6.

HURRICANES,

West Indies, Mitchell on, 1924, Supp. 24.

METEOROLOGY,

Antarctic, Byrd expedition, Griminger and Haines on, Tables, 1939, Supp. 41.

Antarctic, Byrd expedition, Griminger on, summaries of data, 1941, Supp. 42.

PHENOLOGY, observations in, taking, instructions for, 24:328-3, Supp. 2, P. II.

_____, Wauseon, Ohio, 1873-1912, Mikesell's, Smith on, Supp. 2, P.II.

PRECIPITATION, normals of, daily, monthly and annual, Day on, Supp. 34.

PRESSURE, United States, Central and Eastern, maps of, free air, preparation and significance of, Meisinger on, Supp. 21.

PYRHELIOMETRY, Montezuma, Abbot on, Supp. 27.

RADIATION, nocturnal, observations of, Fairbanks, Alaska, and Fargo, N. D., Wexler on, Supp. 46.

RESEARCH, Agricultural, practice of periodical events and natural law as guides of, Hopkins on, Supp. 9.

STREAMFLOW, Wagon Wheel Gap, Colo., experiments of, Bates and Henry on, (il) Supp. 17, 30;49: 637-50; 56; 79-97.

_____, Wagon Wheel Gap, Colo., experiments of, Bates and Henry on, (il) Supp. 17, 30;49: 637-50; 56: 79-97.

STORMS, United States, Movements of, average, Bowie and Weightman on, Supp. 1.

TEMPERATURE, Mexico, Hernandez on, Supp. 23.

_____, minimum, forecasting, from hygrometric data, Smith and others on, Supp. 16.

_____, United States, daily, normals of, Marvin on, Supp. 25.

THERMAL BELTS, North Carolina, relation between and fruit growing, Cox on, Supp. 19.

_____, horticultural viewpoint, from the, Hutt on, Supp. 19:99-106 (APPENDIX)

Trees WEATHER, U.S., eastern, leafing, flowering, seeding, calendar of, ^{Lanyon,} Supp. 2, P.I. Kansas City, Mo., fifty years, Hamrick and Martin on, Supp. 44.

WIND, United States, eastern, upper air, Stevens on, Supp. 35.

_____, United States, upper troposphere and lower stratosphere, Stevens on, Supp. 36.
