RE: Draft Site Closure Report Abandoned Bulldozer Non-Two Party Agreement (TPA) Site  
Pribilof Islands Site Restoration Project St. Paul Island, AK March 7, 2001

Dear Mr. Lindsay:

The Alaska Department of Environmental Conservation (ADEC) has received the above document on April 2, 2001. Based on a review of the data presented in the report, ADEC concurs with the Section 7.0 "Conclusions and Recommendations" that no further action is required at the Abandoned Bulldozer (a non-TPA site). However, if in the future, additional contamination is discovered at this site, further investigation and/or remedial actions will be requested of NOAA by ADEC. ADEC reserves its rights, under 18 AAC 75 Oil and Other Hazardous Substances Pollution Control regulations and AS 46.03 to require NOAA to conduct additional assessment and/or corrective actions, if information indicates the site conditions pose an unacceptable risk to human health, safety, or welfare, or to the environment.

If you have any questions regarding this letter, please call me at (907) 269-7552.

Sincerely,

Louis Howard  
Project Manager
